Tender details – the opportunity

Company name	Personal Care Regulatory Ltd.
Company address	St. John Innovation centre, Cowley Rd, Cambridge, CB4 0WS
Description of company activity/SIC code	72190 - Other research and experimental development on natural sciences and engineering 85600 - Educational support services
Objective of the proposed innovation project– this MUST involve activity that results in the development of or introduction to the market of a new product or service (max 300 words)	The objective of this project is to build an intelligent website who enable us to help to choose cosmetic products based on their ingredients and safety criteria.
Company’s current situation – existing project team and innovation project development stage (max 400 words)	We are a regulatory service company based in Cambridge. We have developed our own software with detailed toxicological data for ingredients used in cosmetic products. We use our software to issue Safety assessment for brand owners. But we are planning to take a step forward and educate end users for finding the right products
Business need – what expertise and support is required from a Knowledge Base to reach the objective(s) above? (max 400 words)	Experts in designing website embedded with Artificial intelligence and expertise of Internet of things would be desirable.
Required timescales (if any) for Project Start and duration, and if applicable anticipated product launch date	6 months We would like to have time scale of each step and the project should be finished within 6 months.
Optional - company budget available to match fund KEEP+ grant (if known) please see ‘Further details’ for maximum funding amounts	KEEP Research and Innovation Collaboration
Company Contact for further information	Dr M Moddaresi mojan@personalcareregulatory.eu mobile: 07729527819
Required tender response date (min 20 working days from posting of advert)	27/4/17
Responses are sought from organisations classified as Knowledge Bases, defined under the ERDF	

Definition of the Knowledge Base: Higher Education, Further Education and Research Entities which are: UK Public Sector Research Establishments, Research and Development Organisations, Research and Technology Organisations.

The Company is seeking a Knowledge Base partner to work with them to develop a project which, dependent on a successful Grant Application, will be supported by the KEEP+ ERDF project using one of the three types of intervention described below. Please also see KEEP+ website – link.

The Company would like to work with a Knowledge Base partner under a two stage contract.

In Stage 1 they need the expertise of a Knowledge Base partner to develop and design the project which will deliver the solution for their business need and support their grant application to KEEP+. The Company have already secured a Grant from KEEP+ of up to £1k to fund 50% of the cost of this activity, subject to them procuring a suitable KB partner.

In Stage 2, if the grant application to KEEP+ is successful, the Company requires the expertise of the Knowledge Base partner, to work with them to deliver the solution i.e. the project intervention supported by the KEEP+ grant.

Criteria for Decision making	Assessment criteria are as follows <ul style="list-style-type: none"> • Expertise fit • Timing fit • Suitability of proposed methodology Weighting is determined by the SME partner
Date for Contract Decision	Minimum of 20 days from date of advertisement
Tender response templates	Please approach the company for the exact format of your response.

Further details for potential respondents

You are responding to a tender for an activity which is eligible for part funding by the European Regional Development Fund, specifically under the KEEP+ Programme.

The KEEP+ Programme aims to support SMEs to develop new products and services by fostering long term collaborative relationships between Knowledge Bases – Universities and research institutions – and SMEs who need expertise and support for innovation.

Please see KEEP+ website for further information www.keepplus.co.uk or contact the KEEP+ project team 0845 196 4310 carole.randall@anglia.ac.uk or 0845 196 4207 cheryl.cook@anglia.ac.uk

KEEP+ provides maximum allowable grants for its specific types of intervention. Those intervention types and maximum grant levels are as follows;

- Innovation Internship (max 12 week duration) – this intervention involves a graduate intern working on a relatively short term activity, they are based within the beneficiary company - grant allowance 50% of eligible costs to a maximum of £2,828.00 (please note, NO stage 1 grant).

European Union
European Regional
Development Fund

- KEEP Knowledge Exchange Embed Partnership (12 month duration) - this intervention involves a graduate working on a mid- to long-term activity with the support of a specific academic staff member, the graduate is based within the beneficiary company - grant allowance 50% of eligible costs to a maximum of £30,275.00 revenue (including maximum Stage 1 grant) and £6,000 capital.
- KEEP Research and Innovation Collaboration (no fixed duration) this intervention involves an academic colleague working on a short- to long-term activity, they are based at the Knowledge Base but with regular face-to-face interaction with the beneficiary company - grant allowance 50% of eligible costs – these grants have an average cost of £19,250.00 revenue (but may range from £5,000-40,000, including maximum Stage 1 grant) plus a strict maximum of £6,000 capital.
- Capital grants are only available for the KEEP or Research and Innovation Collaboration projects, not Innovation Internships and any capital items must be procured separately.

The following is a guide to the types of cost that you should expect to occur should your application be successful;

- Innovation Internship (max 12 week duration) – intern wage, administrative support
- KEEP Knowledge Exchange Embed Partnership (12 month duration) – project development, associate wage, academic wage, administrative support, training and travel (on the part of the knowledge base employees), minor equipment (please note there is a potential separate grant for major capital purchases), recruitment
- KEEP Research and Innovation Collaboration (no fixed duration) – project development, academic wage, administrative support, consumables (please note there is a potential separate grant for major capital purchases)
